

2020 Midwest Berry Grower Webinar Series

Presenters from:

University of Minnesota Extension

&

University of Wisconsin-Madison
Extension

Berry Grower Series:

**May 27 @ 1:00pm CDT: z.umn.edu/Berries1
Berry Season Prep: Insects, Diseases,
Weeds, and Nutrition**

**Aug. 12 at 1:00pm CDT: z.umn.edu/Berries2
Spotted Wing Drosophila; Prepping
Strawberry Beds For Winter**

*Click the links above to register.
Registration is required.*

The webinars will be recorded.

Please join us for a series of virtual grower meetings to discuss timely topics for Midwest berry production.

Each event will include 30 minutes of talks by researchers and Extension faculty, and 30 minutes for Q&A.

Get your questions answered.

Hear the latest on pest management, soil fertility, and crop production.
